# Project Planning Phase

DATE : 07 November 2022

Team ID : PNT2022TMID22007

Project Name : Real-Time Communication System Poweredby AI for Specially Abled

Burndown Chart:

A burn down chart is a graphical representation of work left to do versus time. It is often used in agile software development methodologies such as Scrum. However, burn down charts can be applied to any project containing measurable progress over time.
